INSTRUCTION MANUAL

SP0004.GD

67cm Light up 600 Warm White LED Gold Foil Reindeer

FOR INDOOR AND OUTDOOR USE

PLEASE READ THE FOLLOWING CAREFULLY TO ENSURE THE SATISFACTORY AND SAFE OPERATION OF THESE LIGHTS

SAFETY

- Retain instruction manual for future use.
- This set of lights is fitted with LED bulbs, it is important to follow these instructions to ensure the satisfactory and safe operation of these lights in use. A defective bulb cannot be removed and replaced.
- This set can be operated for INDOOR AND OUTDOOR USE. Always place the transformer into an indoor mains socket.
- Disconnect from power mains whenever not in use, especially overnight or when unattended.
- Avoid damage to the transformer and wiring insulation.
- As with all electrical equipment, cable and fittings should not be exposed to fire, candles or any other direct sources of heat.
- Do not connect this set to any other power source.
- Do not connect this set electrically to another light chain.
- Do not connect this set directly to a mains supply without the supplied low voltage transformer.
- Do not close doors or windows on the product power cords as this may damage the wire insulation.
- Do not cover the power supply with cloth, paper or any material not part of the product when in use.
- Do not connect the light chain/product to the supply while it is in the packing.
- If the supply cord becomes damaged the item must be destroyed.
- Do not use if there is any damage to the light insulation, please check electrical part and all fittings periodically.
- Make sure the storage area is dry; avoid any damp, wet and humid areas.
- Please refer to product rating label for product class, specification and rating.
- Do not attach to walls or furniture in close proximity to cats and children's beds.
- Long cord - strangulation hazard.

THIS IS A CHRISTMAS DECORATION. IT IS NOT A TOY AND IS NOT INTENDED FOR USE BY CHILDREN OR PETS!

LED BULB RATING	Max.3V 20mA *600 (Non replaceable)
TRANSFORMER INPUT	100V-240V～50-60Hz
TRANSFORMER OUTPUT	3.2V DC 3.6W
MAXIMUM RATINGS	3.2V 3.6W

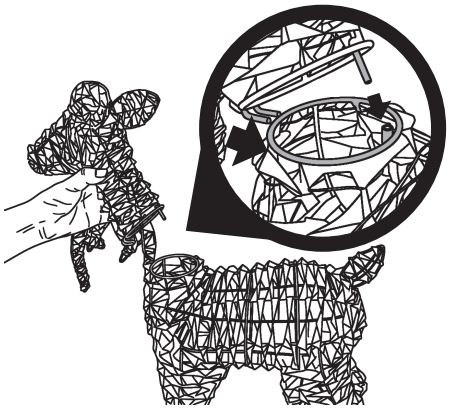

PART LIST

Part	Component	Quantity
A	 Reindeer Head	1
B	 Reindeer Body	1

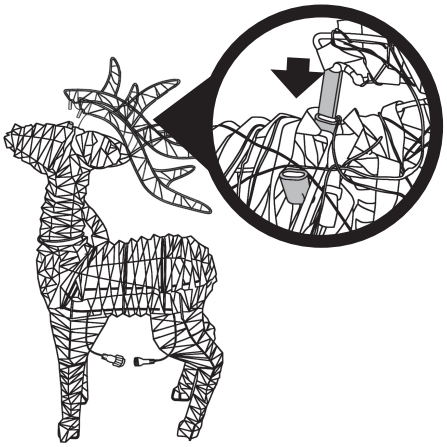

Part	Component	Quantity
C	 Antlers	2
D	 Tail	1
E	 Transformer	1

ASSEMBLY INSTRUCTIONS

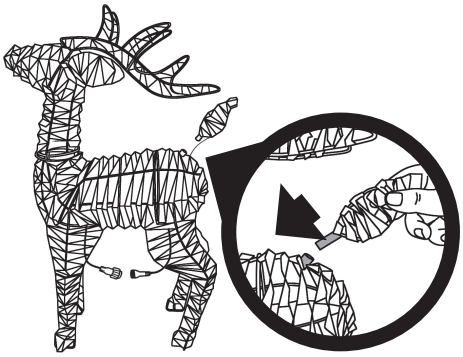

1. Insert the metal frame at the base of the Head (A) into the circular ring opening at the front of the Body (B). Push down firmly until the head sits securely.

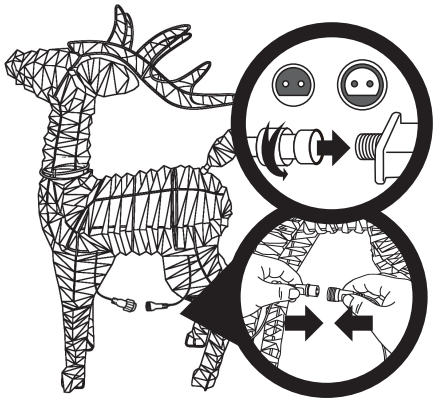

2. Take the Antlers (C) and insert their grey square pegs into the corresponding square slots on the top of the head. Push firmly to secure them in place.

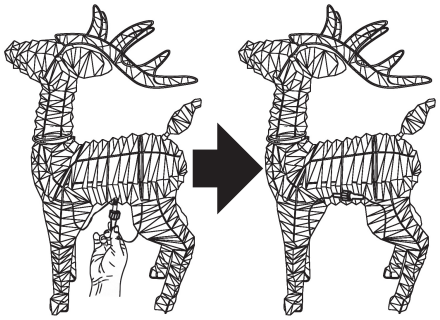

3. Take the Tail (D) and insert its grey peg into the slot located at the rear upper part of the body.

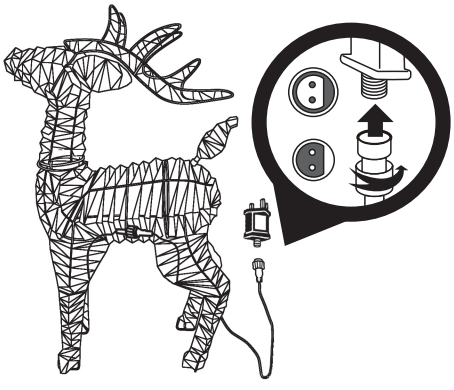

4. Locate the wire connectors from the Head (A) and Body (B). Align and firmly connect the male and female plugs together.

5. For a neater appearance, gently push the connected plugs upward and tuck them securely inside the metal frame of the reindeer's belly.

6. Connect the lead cable connector with the transformer (Part E) by plugging in and fasten the end cap on the transformer.

WEEE RECYCLE

This symbol indicates that this product is classed as Electrical or Electronic Equipment and should not be disposed of with other household waste. The Waste Electrical and Electronic Equipment (WEEE) Directive has been introduced across the European Union to recycle waste electrical products using the best available recovery and recycling techniques in order to minimize the impact on the environment, to treat any hazardous substances, and to avoid increasing landfill.

WEEE products should be disposed of by handing them over at a designated collection point. For more information about where you can drop off your waste product for recycling, please contact your local authority.
